## Le bruit des glaçons rosé 2020 – Bourgueil

**The idea of this wine:** Rosé is with friends, on the terrace, on the beach, on the table when cooking ... in any case, this Bruit des glaçons is for this summer! And don't forget: ice cubes are not in the glass, a little respect anyway!

**Bled rosé obtained from a maceration of Cabernet Franc for a few hours.**

I was lucky enough to be able to buy this lovely **Cabernet Franc** from a "friendly domaine" in Bourgueil. Once arrived "at home", it fermented gently in an **Oeuf de Beaune** ... of course with its **naturals yeasts**. Successful fermentation is mainly due to the grapes of good quality and therefore to very good work in the vines. Thank you Jean-Luc and Dominique!

Mis en bouteille le 06 mai 2021.

Température de service 10° dans les 2 ans.
